The SHE board discussed increasing dues by $5 to $10 to better cover the cost of *Storytelling, Self, Society*. But after looking at expenses more closely need more information on actual costs. (For this year, have we paid for all members to get one issue, or the whole volume - two issues?)

SHE plans to have a presence at the 2017 NSN Conference. Sarah Beth will talk to YES! About the possibility of collaborating on a presentation about storytelling in the classroom.

SHE needs to continue offering more benefits to members. Sarah Beth will create a page on the website where members can share syllabi.
